

ERVING SCHOOL COMMITTEE

PHYSICAL EDUCATION

The School Committee shall provide every student with an opportunity for wholesome and enriched educational experiences. It is the Committee's belief that a comprehensive and varied physical education program is a necessary component of the School's educational program.

The School Committee believes that the physical education program should:

1. Help students appreciate the importance of physical fitness to good health through active participation in team sports, exercise, movement-oriented activities/approaches and other healthy activities.
2. Enhance the social curriculum goals of the school through teamwork, cooperation and personal achievement.
3. Provide needed opportunities for the physical release of energy.
4. Enhance the academic curriculum by integrating academic learning into movement and play.
5. Impress upon students the importance of integrating one's mind, body and attitude in preparing to face the obligations of a complex society.

The physical education program shall be an essential component of the school's overall educational programming.
