

**ERVING SCHOOL COMMITTEE**

**NON-RESIDENT STUDENTS WITH SINGLE PARENT ERVING  
RESIDENCY**

Students are considered non-residents of Erving if they reside in Erving less than 50% of the time. Resident students who become non-residents while they are attending Erving Elementary School (EES) may continue to attend as long as one of their biological parents / legal guardians maintains an Erving residence as his/her primary residence. If a legal custody order is in place, that order must be presented to the Principal. If it is determined that the resident parent/legal guardian has no custodial rights, the student will not be allowed to attend Erving Elementary School. Proof of residency may be required.

Transportation for non-resident students will only be provided within Erving town limits in the same manner as resident students.

If the residency status of a student changes (before the beginning of the school year), the parent/legal guardian must petition the school committee by August 15<sup>th</sup> of that summer by written letter. Changes that occur during the school year must also be brought before the Committee for review. If the physical move of the resident parent/legal guardian occurs before April vacation, a logical academic termination date will be determined by the administration; if the move occurs after the April vacation, the child may stay through the year-end. The parents/legal guardians are responsible for all out-of-district transportation.
