

**ERVING SCHOOL COMMITTEE**

**Community Use of School Grounds Policy**

The use of school grounds is open to the Erving community after the end of regular school hours. School programs such as an after-school program will have first priority for use of any school grounds area or equipment.

Community members on school property, while school programs are in session, are not to distract or interfere with the school program. Community members may be asked to relocate to another area of the playground if the location they are using is interfering with or distracting the school-based program.

Children on school grounds after regular school hours are in no way supervised by any Erving Elementary School staff or faculty member unless they are part of a school-run program in which they have been signed up for. Supervision will be the sole responsibility of the parent/guardian.
